- **CMS & Platforms:** WordPress (theme customization, plugin development, e-commerce setup)
- **Other:** Payment Gateway Integration, Subscription Models, Shipping API Integration, Website Optimization, Digital Marketing Support
- **Tools:** Git, GitHub, VS Code

Experience

Full Stack & WordPress Development Intern

Feb 2026 – May 2026

Ratxen Solutions Private Limited

Gurugram, India (Remote)

- Built and deployed **Nexa Styles**, a full-stack e-commerce platform, integrating payment gateway, subscription billing, and shipping API modules into a single checkout flow.
- Developed and customized WordPress themes and plugins for client websites, improving page load performance through code and asset optimization.
- Maintained and updated two live production websites, MVA Trust (mvatruster.com) and NCPL (ncpl.net.in), ensuring 100% uptime during the internship period.
- Collaborated with the project management team on digital marketing and brand promotion activities alongside core development work.
- Completed a 90-day internship with an **"Excellent"** overall performance rating (6/6) from the organization.

Projects

Portfolio Website

HTML, CSS, JavaScript, React

- Designed and developed a personal portfolio website to showcase projects, skills, and experience using React components for a modular, maintainable structure.
- Implemented a fully responsive layout with custom CSS, ensuring consistent rendering across desktop, tablet, and mobile viewports.
- Structured semantic HTML for accessibility and SEO best practices.

Education

Bachelor of Computer Applications (BCA)

2026

PES University

Certifications
