SUMMARY

Frontend developer who likes building fast, clean interfaces in React and TypeScript. Spent a 3-month internship keeping two live WordPress client sites running, and built and deployed several projects that work with real APIs. Looking for a frontend or React role where I can keep learning and ship things people actually use.

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React, React Router, Tailwind CSS, Recharts, responsive design

Concepts: Component-based architecture, state management, REST API integration, debouncing, type-safe code, loading and error states

CMS: WordPress (theme customization, plugin development, e-commerce setup)

Tools: Git, GitHub, GitHub Pages, Vite, Vercel, VS Code

EXPERIENCE

Full Stack & WordPress Development Intern

Feb 2026 – May 2026

Ratxen Solutions Private Limited, Gurugram (Remote)

- Customized WordPress themes and plugins for client sites, including e-commerce setup.
- Sped up page loads on client sites by cleaning up code and assets.
- Looked after two live sites, MVA Trust (mvatrust.com) and NCPL (ncpl.net.in), handling weekly content updates, bug fixes, and new feature requests.
- Finished the 90-day internship with an “Excellent” rating (6/6), the highest score the company gives.

PROJECTS

Expense Tracker — React, TypeScript, Recharts, Tailwind CSS

[Live Demo](#) | [Source Code](#)

- Built a fully typed expense tracker with its own Expense and Category interfaces and no use of any.
- Added spending charts by category with Recharts, date-range and category filters, and a running total.

Recipe Finder — React, JavaScript, Tailwind CSS, TheMealDB API

[Live Demo](#) | [Source Code](#)

- Built a responsive recipe search with debounced input, a card grid, and a detail modal, powered by a third-party API.
- Added a favorites feature using React state, plus loading skeletons and clear empty and error states so slow or failed requests don't leave users stuck.

Terminal-Style Portfolio — React, TypeScript, Vite, CSS

[Live Site](#)

- Built an interactive portfolio with a custom command interpreter and full keyboard navigation, hosted on GitHub Pages.

EDUCATION

Bachelor of Computer Applications (BCA), PES University

2026

CERTIFICATION

- Internship Completion Certificate, Ratxen Solutions Private Limited (2026)
